

TIFFIN UNIVERSITY

**in partnership with LASD University
Presents a**

Bachelor of Science in Business Administration and Masters of Science in Homeland Security

Tiffin University is based in the state of Ohio, and is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. Tiffin combines the best features of a small, private institution with the advantages of a large business school, such as quality faculty and broad diversity of programs.

BACHELOR OF BUSINESS ADMINISTRATION

The Bachelor of Business Administration (BBA) degree uses a project-oriented team-based approach that is intended to prepare students for positions in the world of business, industry, community, and government. Students can choose a course of study from one of the following majors: Accounting, Finance, Information Technology, Management, Marketing, and Management Information Systems. As part of this course of study, students are exposed to a variety of real world problems through internships, consulting projects, and class projects.

MASTER OF SCIENCE

This graduate-level program is designed specifically for law-enforcement, fire, emergency management, and emergency services personnel who possess a baccalaureate degree. The Master of Science in Homeland Security program uses an on-line platform. All courses were designed by security experts who possess relevant academic and experiential credential.
